Company Overview

At Flock Safety, technology unites law enforcement and the communities they serve to eliminate crime and shape a safer future, together. We created the first public safety operating system to enable neighborhoods, schools, businesses, and law enforcement to work together to collect visual, audio, and situational evidence across an entire city to solve and prevent crime.

Our connected platform, comprised of License Plate Recognition (LPR), live video, audio detection, and a suite of integrations (AVL, CAD & more), alerts law enforcement when an incident occurs and turns unbiased data into objective answers that increase case clearance, maximize resources, and reduce crime -- all without compromising transparency or human privacy.

Introduction

Layer Intelligence to Solve More Crime

The pathway to a safer future looks different for every community. As such, this proposal presents a combination of products that specifically addresses your public safety needs, geographical layout, sworn officer count, and budget. These components make up your custom public safety operating system, a connected device network and software platform designed to transform real-time data into a panoramic view of your jurisdiction and help you zero in on the leads that solve more cases, prevent future crimes, and foster trust in the communities you serve.

Software Platform

Flock Safety's out-of-box software platform collects and makes sense of visual, audio, and situational evidence across your entire network of devices. With unlimited user licenses, your entire law enforcement agency can access the real-time investigative leads needed to increase case clearance, protect the community, and decrease crime rates.

Out-of-Box Software Features

Simplified Search	Get a complete view of all activity tied to one vehicle in your network of privately and publicly owned cameras. The user-friendly search experience allows officers to filter hours of footage in seconds based on time, location, and detailed vehicle criteria using patented Vehicle Fingerprint™ technology. Search filters include: • Vehicle make • Body type • Color • License plates ○ Partial tags ○ Missing tags ○ Temporary tags ○ State recognition • Decals • Bumper stickers • Back racks • Top racks
National and Local Sharing	Access 1B+ additional plate reads each month without purchasing more cameras. Solve cross-jurisdiction crimes by opting into Flock Safety's sharing networks, including one-to-one, national, and statewide search networks. Users can also receive alerts from several external LPR databases: <i>California SVS</i> <i>FDLE</i> <i>FL Expired Licenses</i> <i>FL Expired Tags</i> <i>FL Sanctioned Drivers</i> <i>FL Sex Offenders</i> <i>Georgia DOR</i> <i>IL SOS</i> <i>Illinois Leads</i> <i>NCIC</i> <i>NCMEC Amber Alert</i> <i>REJIS</i> <i>CCIC</i> <i>FBI</i>
Real-time Alerts	Receive SMS, email, and in-app notifications for custom Hot Lists, NCIC wanted lists, AMBER alerts, Silver alerts, Vehicle Fingerprint matches, and more.
Interactive ESRI Map	View your AVL, CAD, traffic, and LPR alerts alongside live on-scene video from a single interactive map for a birdseye view of activity in your jurisdiction.
Vehicle Location Analysis	Visualize sequential Hot List alerts and the direction of travel to guide officers to find suspect vehicles faster.

Out-of-Box Software Features (Continued)

Transparency Portal	Establish community trust with a public-facing dashboard that shares policies, usage, and public safety outcomes related to your policing technology.
Insights Dashboard	Access at-a-glance reporting to easily prove ROI, discover crime and traffic patterns and prioritize changes to your public safety strategy by using data to determine the most significant impact.
Native MDT Application	Download FlockOS to your MDTs to ensure officers never miss a Hot List alert while out on patrol.
Hot List Attachments	Attach relevant information to Custom Hot List alerts. Give simple, digestible context to Dispatchers and Patrol Officers responding to Hot List alerts so they can act confidently and drive better outcomes. When you create a custom Hot List Alert, add case notes, photos, reports, and other relevant case information.
Single Sign On (SSO)	Increase your login speed and information security with Okta or Azure Single Sign On (SSO). Quickly access critical information you need to do your job by eliminating the need for password resets and steps in the log-in process.

License Plate Recognition

Payment Schedule

	Amount	Due Date
Deposit - Contract Scheduled (Innova NW)	\$8,879.28	
Final - Substantial Completion w/30 Day Terms	\$8,879.28	

1. Contract Documents and Details

The contract documents consist of this agreement, including all general provisions, special provisions, specifications, drawings, addenda, change orders, written interpretations, and written orders for minor changes in work. Work not covered by contract documents will not be required unless it is required by reasonable inference as being necessary to produce the intended result. The costs associated with any related work or materials, including, but not limited to electrical, drywall, painting, cabinets are not included unless specifically documented in the proposal. Contractor is not responsible for any underground trenching or laying or supplying of conduit for outside wiring.

2. Time

With respect to schedule completion of the tasks in section D, time is of the essence. If Contractor is delayed at any time in the progress of the work by owner change orders, fire, labor disputes, acts of God or other causes beyond Contractor's control, the completion schedule for the work or affected parts of the work shall be extended by the same amount of the time caused by the delay.

3. Payments and Completion

The above Payment Schedule is a guideline and approximation. Since contractor will, if possible, open, test and burn-in equipment before delivery, all components must be paid for before delivery to job site. Payments may not be withheld under any circumstances. Any disputes due to legal claims will be settled independently in good faith between the parties. Final payment shall be due immediately following completion of the project. Contractor will hold owner harmless with respect to claims of subcontractors and suppliers.

4. Insurance

Contractor shall purchase and maintain such insurance necessary to protect from claims under workers compensation and from any damage to the owners property resulting from the conduct of this contract.

5. Permitting and Plan Review

Contractor will procure any required permits and submit plan reviews with the authority having jurisdiction at the clients expense. Permitting and submittal fees are estimated on the proposal agreement and actual cost incurred will be billed accordingly.

6. Changes in the Contract

The owner may order changes, additions, or modifications without invalidating the contract. Such changes must be in writing and signed by the owner. The contractor shall provide the owner in writing the amount of additional costs or cost reductions resulting from changes ordered within 15 working days unless this requirement is waived in writing by the owner. Change Orders shall be paid in full upon acceptance of change and shall not alter the contract's payment schedule. In case of product unavailability or discontinuation, contractor reserves the right to substitute equipment of equal or better quality with clients approval. Contractor will be held blameless in case of product unavailability or discontinuation.

7. Warranty

Contractor warranties all parts and labor involved in an installation for one year. Contractor will also be glad to help the client get their manufacturer-warrantied equipment serviced though out the life of the said warranty.

Hi Lori,
Thanks for your patience. I've got Legal reviewing their MSA, and we're working out a few more details before we move forward with the next steps. I'll be sure to get the required information and forward it to you when we're there.

Thanks!
Jenn

Hello, Jennifer,

Thank you for sending over the three quotes and recap below. All software comes with a EULA agreement which will need to be reviewed by Michelle and legal before moving forward. Once that piece is settled, we'll get this entered in as a contract and not a PO. Can you please reach out to Flock Safety and ask for any agreement terms they will want us to sign and send it over to Michelle? As well, I don't see them set up as a vendor, we will also need the below information to get that going. Please let me know if you have any questions.

- A current W9 (ensure legible before forwarding)
- Accounts Receivable contact (name, email & phone number)
- Remit address if different than what is on the W9
- Purchase Order contact (name, email & phone number)

Hi Loni,
Is this something you can handle? I don't see any agreement attached. If there is a software agreement please send my way for review.
Thank you,

Hi Michelle,
Hope you're well! I have retained (3) vendor quotes for the ALPR – fixed camera system (annual subscription). Flock Safety (1st quote attached) is the only vendor that integrates with our existing AXON camera systems for evidence that includes our body-worn cameras and in-vehicle LPR cameras. This first year will be a pilot project for the cameras.

I requested an updated quote from Flock Safety to confirm that pricing is still accurate. If I've met all the requirements for purchasing with Flock (i.e., 3 quotes and justification), I will ask our department purchaser to initiate a PO, and I'll also need a project code (do you create this code?).

Thank you!
Jenn
